

## GE-SERIES INSPECTION HOODS

### GENERAL DESCRIPTION

Magnaflux<sup>®</sup> has worked hard to create a very functional inspection environment while keeping operator comfort and convenience in mind. Our durable curtains darken the inspection area to levels well below the common standards. The easy access to the unit is improved by the front “theater style” curtain mechanism. This same front curtain can be folded in half and hung to allow better ventilation in warmer environments.

### FEATURES

#### GE-54 CONFIGURED FOR STANDARD PART CAPACITY

- ZB-100F Black Light
- Quick Mount Design
- Easy Access through Front Curtain (Theater Style)
