

POWDER SPRAY BULB

501232

GENERAL DESCRIPTION

The Magnaflux® Powder Spray Bulb is a lightweight, easy to use spray bulb for applying Magnavis® dry powders.

INSTRUCTIONS

Remove cap and add dry powder to Powder Spray Bulb. Apply dry powder to the part, by squeezing it gently, ensuring that particles are distributed evenly across the part's surface. Avoid using excess powder as only a light, dust-like application is required.

SPECIFICATIONS COMPLIANCE

ASTM E1444/E1444M-12 (Section 6.4.1.1)
