

Y-1 YOKE TEST WEIGHT

624115

GENERAL DESCRIPTION

The Magnaflux® 10lb Y-1 Yoke Test Weight is made out of composite steel and designed specifically for use with the Magnaflux® Y-1 Yoke. It provides balanced weight distribution and comes with a built-in leg positioning guide to assure accurate test results every time. Each weight measures 9" x 2" x 2", is individually serialized and comes with a certificate stating that it meets ASTM E1444.

SPECIFICATIONS COMPLIANCE

ASTM E709-08 (Section 20.3.7)

ASTM E1444/E1444M-12 (Section 7.4.4)
