

Brand Name	Techik
Name	Portable Under Vehicle Surveillance System
Model	TE-CBS-M01
System Software	
Imaging principle	Black and white line array CCD scanning
Scanning Resolution	CCD 2048
Chassis Load/Save Time	Less than 1S
Chassis Image Display	Large and horizontal image display
Image Storage Format	BMP or JPEG
System Language	Can be customized
Display Resolution	Various resolution available
Data Transmission Interface	NetworkRJ45
Chassis Image Resolution	$> 10000 \times 5340$
Retrieval Function	Retrieve images according the date,time,license plate number etc.
Image Enlargement	16 levels, E-zoom available
Scanning Device	
Scanning Method	Automatic, Non-external trigger condition scanning
Detection Speed	1-60KM/h, Suggestion ≤ 30 KM/h
Field Of View	$\geq 170^\circ$
Supplementary Lighting	160W
Illuminating Package	2 sealed LED area light; Lifespan:50000h
Communication Port	RJ 45
Power Supply	AC110~240V/50~60HZ
Waterproof Grade	IP68, all- day run available
Load-weigh	$> 15T$
Size and Weight	450*400*88mm/ 28Kg
Backup Power	Available (Option)
Operation Temperature	-10℃~+60℃
IPC	
Display	22-inch LCD screen
CPU	Intel core4

RAM	DDR3, Capacity>2GB
Hard Disk	500GB
GPU	DDR3,192BIT independent graphics card
Appearance	Aluminum alloy composite material
Power Supply	AC220V/50~60HZ/3A
Cable Length	10m
Photo for Reference
